

Grand Forks Public Schools Device Protection Plan (DPP)

Grand Forks Public Schools realizes that even through normal use accidents can happen, and when they do, damage can be done to a student's school-issued device. Devices that malfunction or are damaged must be reported to a staff member. The school district will be responsible for repairing devices that malfunction.

DEVICE PROTECTION PLAN

The Device Protection Plan is optional device insurance and available to families that wish to protect themselves from damage expenses for their student's school-issued iPad or Chromebook. The Device Protection Plan covers 100% of all accidental damage, fire, flood, natural disasters, power surge, and vandalism to your child's school-issued iPad or Chromebook with a \$0 deductible. The Device Protection Plan will provide coverage on school grounds, at home, on the bus, and anywhere your child may travel.

If accidental damage would be incurred to a school issued iPad or Chromebook with Device Protection Plan, there would be no additional fees charged for the repair. The Device Protection Plan does not cover loss, negligent or intentional damage.

Device Protection Plan costs **\$20 per student/device (\$10 per device for students qualifying for free/reduced meal status)**. Device Protection Plan can be paid for through [MySchoolBucks](#) (when logged in to MySchoolBucks, select "School Store" – and then "Browse All Items") or by mailing a check to your school office. The deadline to sign up and pay is September 15.
