Nicci Stroh (701) 215-9503
WHAT IS THE WORK EXPERIENCE PROGRAM?

- Grand Forks Public Schools Program
- 17th year of partnering with Grand Forks businesses
- Over 50 community partnerships
- GFPS job coaches available
- 86 years of staff experience
- 10 item rubric used to evaluate students quarterly
- Work experience is not a job placement program, although, community partners have the option to and do hire A.T.P. students

WHO PARTICIPATES IN THE WORK EXPERIENCE PROGRAM?

- GFPS students who have earned their graduation credits and are eligible for a high school diploma
- Range from 18-21 years of age
- Are on an Individualized Education Plan
- Have sufficient pre-vocational skills to work in a semi-competitive job
- Need job site placements to improve their soft and hard skills, as authentic employment opportunities cannot be simulated in the classroom
- Possess varying levels of ability; however, most students will be competitively employed after exiting the GFPS

HOW DOES THE PROGRAM WORK?

- Students are placed according to their interests and abilities
- Student/job coach wages and workers compensation are covered through the GFPS
- Job coaching is available for two or more students per placement
- Students may work up to 10 hours per week, Monday- Friday, typically between 8:30am-2:30pm
- Follows the GFPS district calendar during the school year, as well as GFPS summer school calendar
- Informal contracts are drawn up between GFPS and community partners outlining specifics of the work experience placements
- Progress is noted though quarterly reviews by job coaches and community partners via emails
- Placements are generally for one semester, but may last longer if they continue to meet the student’s individual needs
- Students utilize public transportation Whenever possible

WHAT ARE THE BENEFITS FOR THE COMMUNITY PARTNERS?

- Even short-term work experiences can be valuable as a way for all youth to develop skills, contacts, and awareness regarding career options. Research shows that having a competitive paid job in secondary school is the strongest predictor of job success for youth with disabilities after graduation (Test et. al., 2009; Wagner et al., 2005; Luecking and Fabian, 2000; Colley and Jamison, 1998).
- Provides valuable opportunities to student who may not be able to acquire their own work experiences
- Facilitates positive public perception
- Contributes to a sense of community; builds bonds between student, business and school
- Allows students to be more self sufficient and less likely to rely on social assistance
- Supplemental man hours without additional labor cost
