Grand Forks Substance Abuse Prevention Coalition (SAPC)

(The Grand Forks Substance Abuse Prevention Coalition is a community-wide group of individuals and organizations in the Grand Forks area invested in reducing the harmful effects of alcohol, tobacco, and other drugs through education and changing of social norms. All interested persons are welcomed by the SAPC to attend meetings/events of the coalition. While this assignment is made as a part of the school board committee appointments and liaison assignments, this is not an officially sanctioned school board committee, and school board members do not serve in an official capacity.)

District Liaison Assignments

School Building Liaison

(School board members are elected to represent the entire school district. They are not elected to represent a specific school, area, or program within the school district. However, school board Members are assigned to a school or schools each year by district administration for public relations events, which are arranged through building administration. The purpose of the school building liaison position is to allow the school board member to gain, firsthand, some school-level perspective and to serve a ceremonial function by putting a face on the school board at school events or ceremonies. Principals shall have the responsibility to inform the school building liaison of opportunities for engagement, while taking into account the school board representative's schedule and availability. Suggested ways that a school board member could represent the school are attendance at professional development events, school picnics, open houses, activities, or other special events, attendance at a PTO meeting or a Booster Club meeting, or attendance at the Cushman Classic.)
