

Annual Report 2021

GRAND FORKS
Foundation for Education
& Alumni Network

Dear Friend of the Foundation,

We are grateful for another year of making a difference across Grand Forks Public Schools. The Foundation knows that without private and public funding from donors like you, we would not be able to fulfill our mission.

With your support, we thrive to:

- Support a climate that nurtures every student and reveres excellence in teaching.
- Fund innovative programs identified by schools as beneficial for students and the community.
- Make it possible for every student to participate in school experiences.

The following pages contain a snapshot of the past year. We hope you will stay connected with us to hear all our stories. Stories that would not be possible without YOU!

On behalf of the students and staff that benefit from your continued generosity, we thank you!

Sincerely,
Emilia Hodgson

Foundation Establishes “The Giving Tree”

This internal “pantry” stocks essential items for our students in need.

The Grand Forks Foundation for Education, with support from Grand Forks Public Schools, established “The Giving Tree” in the Spring of 2021. This internal pantry stocks critical items for our students in need and their families. Personal care products, essential household items, school supplies, snacks, and more.

“We are aware of the challenges faced by our students and families. Our intent is to engage and support each of our students and in doing so provide essential resources that both meet needs and communicate our care for them as residents in our community,” said Jennifer Modeen, school social worker and homeless liaison. “We know and embrace the evidenced-based facts that the social and emotional well-being of our students and families is essential to their success in our school and community.”

The initial funding for the pantry took place on Giving Hearts Day, February 11, 2021. We had over 275 donors support “The Giving Tree” during the annual, 24-hour fundraiser. The Monique and Jocelyne Lamoureux Foundation provided matching funding, as well as facilitated a generous donation of feminine products from Procter & Gamble.

“Once again, the Monique and Jocelyne Lamoureux Foundation has stepped up and supported our students in need and their families,” said Emilia Hodgson, executive director. “We are grateful for their continued generosity and for always ‘cheering for the one behind!’”

To support this effort, please use the enclosed envelope and designate “The Giving Tree.” Thank you for your consideration!

Teachers Hall of Fame Scheduled for 2022

The bi-annual event to take place next fall.

The Alumni Network is excited to announce that the next induction ceremony for the Grand Forks Public Schools Teachers Hall of Fame will take place in October 2022. After taking the last cycle off due to the COVID-19 pandemic, we are thrilled to resume this program that celebrates our most deserving educators!

2014: Nancy Zimney, Harold Rebenitsch and Sharon Gates. Posthumously: Al Gratz and Dr. Elton Skarperud

2016: Kathleen "Tootsie" Gasparini, Charles Zick, and Rita Sanderson

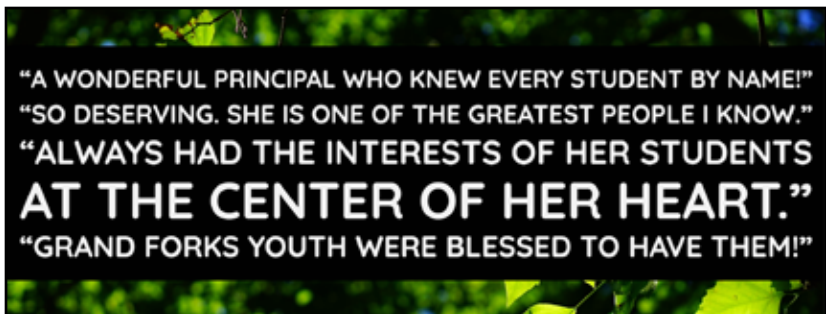

The Teachers Hall of Fame was created in 1995 by the Grand Forks Foundation for Education and Alumni Network as a means to publicly thank and recognize outstanding and memorable retired educators who have made an impact on students. The Hall of Fame also is a means to honor the teaching profession as a whole for its vital role in shaping the future of individuals and society.

To be eligible, teachers must have been retired from Grand Forks Public Schools for at least one year; they may have been former elementary or secondary classroom teachers, administrators, counselors, or librarians.

Nominations of retired educators are accepted by former students, colleagues, or the general public. To submit a nomination, and see a list of past inductees, visit www.gfschools.org/alumni. Questions? Email us at alumni@mygfschools.org.

2018: Gary Mitchell, Annella Winger, Kerry Jaeger, and Keith Ronkowski

FALL 2020, THE FOUNDATION AWARDED \$11,257 IN MINI-GRANTS

The Mini-Grants have been funded through the Foundation for Education since 1992. Awards are usually for classroom-level or grade-level projects.

All areas of curriculum and all grade levels are eligible for Mini-Grants.

Here are two examples.

\$247 Dana Kennelly and the STEP Program for "STEP Nature Experience."

"As we were walking along the river and listening to the trees rustle and the waves lap up on the shore, one of the students said, 'it is so peaceful here.'

From a mental health professional standpoint it was wonderful to watch students explore the park, walk the trails smiling. I could see the positive impact it had on all their moods. They got to be carefree kids for a day."

\$2,471 to Dan Schraeder and Schroeder Middle School for "Engineer and Design Process in Action."

"I saw a noticeable increase in students' confidence throughout the project. At first the project seemed a bit overwhelming, but as students became more comfortable with the tools and their ability, I saw them transform into a capable construction crew, unafraid to get their hands dirty. The completed project now provides the school with a very much needed secure and weather-proof storage."

SPRING 2021, THE FOUNDATION AWARDED \$8,972 IN MINI-GRANTS

Mini-Grant funding derives from income on permanently endowed funds. These projects provide our students with enriched opportunities, from field trips to robots, and everything in between.

\$557 to Grant Larson and South Middle School for "Let's Build It - Keva Planks."

"The introduction of the Keva Planks allowed students to build their critical thinking and problem solving skills. They are a great tool to get students thinking and problem solving while also enjoying being in the classroom. My favorite part is watching students increase their creative thinking while trying new challenges and designs with the Keva Planks."

\$1,579 to Adam Eckert and all elementary/middle physical education for "CROSSNET CO-OP."

"The kids really enjoyed the CROSSNET game as a fun addition to our volleyball unit. Many said it was a little faster paced, and each student had more chances for involvement in the game."

SPRING 2021, THE FOUNDATION AWARDED \$26,938 IN IMPACT GRANTS

The Bill and Shirley Brown Endowment for Education makes the Foundation's Impact Grants possible. Income from the Brown Endowment is used to fund projects with the potential for lasting influence at the district or grade level, or at one or more schools.

\$15,000 to Alex Hovey and Red River and Grand Forks Central high schools for "RRHS & GFC Recording Studios."

"We are so grateful to have support from the Foundation to help facilitate these projects! Let's be real - most school districts don't have money laying around to pilot new projects like this. We are excited to bring this new experience to the students in Grand Forks Public Schools and maybe even the greater Grand Forks community! "

From Red River senior Halle Wavra, "Living in a smaller town, you don't have much access to recording software and equipment. You can't just go to a music studio, so having this equipment easily accessible gives us a great opportunity to create music. Recording equipment and software are quite expensive, and most of us students can't afford it. That's why I'm very grateful to have the ability to use this equipment to create music. Watch out for my band Lipxgloss's first single."
