Student Enrichment

Opportunities for high academically achieving students as identified by the Grand Forks Special Services Department are varied. Options available to high achieving students include, but are not limited to:

- Additional challenging activities by classroom teachers
- After school activities
- Course acceleration
- Grade acceleration
- Enriched course/groupings

Multi-Tiered System of Supports (MTSS)

Middle schools within Grand Forks Public Schools have a Multi-Tiered System of Supports (MTSS) to deliver high quality and responsive instruction for students who demonstrate differentiated needs. Our schools conduct benchmark assessments with all students to identify those who are not making progress at expected rates. School teams make collaborative decisions based on available evidence about student needs and which courses would best help students accelerate to close any learning gaps. For more information about the Multi-Tiered System of Supports (MTSS) within Grand Forks Public Schools please visit our website at gfschools.org.

Student Progress Monitoring

Parents are encouraged to monitor student progress using PowerSchool. This information may be found on the school website under Families.

Report Cards

Report cards are issued four times a year as indicated on the school calendar. Typically, report cards are issued the week following the end of the grading period.

The Honor Rolls

To qualify for the “A” honor roll, a student must have at least a 3.5 GPA in all subjects in which he/she is enrolled. For the “B” honor roll, a 3.0 GPA or higher is required.

Grading System and Scale

The grading system and scale are as follows:

A – Excellent	100 - 92
B - Above average	91 - 84
C – Average	83 - 76
D - Below Average	75 - 68
F - Failure	
I - Incomplete *	

* Incomplete: No credit will be given for an incomplete. Arrangements for the completion of any incomplete classes are the responsibility of the student. Arrangements for work to be completed after the last reporting period of the school year may pose a special problem, and the building principal should be contacted.

Citizenship Grades

Students will receive a citizenship grade from their teachers and supervisors. The interpretation of citizenship grading is as follows:

- 4 - Commendable behavior
- 3 - Acceptable behavior
- 2 – Behavior needs improvement
- 1 - Unacceptable behavior

This information may be located on the school or district website on the middle “menu” bar. Look for the “P” icon which represents PowerSchool.

GENERAL INFORMATION

School Buildings and Grounds

School* begins at 8:40 a.m. and ends at 3:30 p.m., except for extracurricular activities. We ask that students do not enter the building before 8:30 am and that they leave by 3:45 pm, unless arrangements have been made by the office or teachers (pass system is used). In case of stormy weather during the school day, exceptions to the above are made. *Twining Middle School = 8:25 – 3:00 pm

Telephone Use

School telephones for student use are not for social calls, but are to be used for arranging rides, calling parents, etc.

Visitors

To ensure a safe and secure learning environment in the school setting, all outside doors will remain locked during the school day. Visitors are expected to report to the school office to sign in and pick up a name badge.

Lost and Found

The office maintains a lost and found service. All articles found should be brought to the office. Students who have lost articles should report them to the office. Unclaimed articles will be donated.

Animals / Pet Therapy

While personal pets and animals are prohibited on school grounds during school hours, Grand Forks Public Schools is thankful for the volunteer pet therapy teams in the greater Grand Forks region who have partnered with our school district to provide pet therapy services to our students and staff. The handlers have gone through a background check and have agreed to follow policies for GFPS staff. Teams have gone through testing and observation to be credentialed by Alliance of Therapy Dogs and dogs must be current with their vaccinations. Pet therapy teams have been issued GFPS volunteer badges. Research has shown that pet therapy teams can reduce stress, improve student motivation, and help provide social and emotional support for students; however, if you have any questions or concerns about our pet therapy program, we invite you to contact Geoff Gaukler, Mental Health Coordinator, at ggaukler020@mygfschools.org or 701-787-4874.

School Cancellation and Postponement Procedures

Please visit our website, <https://www.gfschools.org/Page/7891> to view our school cancellation and postponement procedures.

Emergency / Crisis Procedures

Statistics consistently show that schools are among the safest places to be due to the strong commitment of educators, families, and our community to our students and schools. We strive to be proactive rather than reactive. This guide outlines the key elements of Grand Forks Public Schools' state of preparedness. We hope it will answer questions you have concerning our actions and intentions in the event of an emergency.

For consistency, we have developed the following terms to use:

- **Drill:** An activity that covers a specific safety circumstance and is designed to prepare your student to act quickly and minimize questions and fears should an emergency take place. North Dakota Century Code requires fire, tornado, and other emergency drills, including an unannounced lockdown.
- **SRO:** School Resource Officer; a uniformed Grand Forks Police Department officer assigned to schools to help build and maintain relationships between police, students, families, and employees.
- **Lockdown Instruction Continues:** Instruction continues in a secure building. All occupants remain in the classroom/building. Movement within the building is at building administrator's discretion.
- **Lockdown:** Occupants are kept in rooms or areas that are secured. There is no movement within the building. Lockdown procedures are followed.
- **Reunification Site:** Area where students and employees are transported.
- **Student Release Area:** Location designated at a school or reunification site where families may pick up students. This location would be communicated to you at the time of an emergency.

As soon as possible, please:

- Ensure your contact information in PowerSchool is current and accurate, including who is authorized to pick up your student.
 - We will use this information and multiple communication channels (phone call, email, text message (if information provided) to give accurate and timely information in the event of an emergency.
 - If necessary, we may also use our District website (www.gfschools.org), district social media, and local news outlets broadcast information.
- Explain to your student that cell phones should not be used during an emergency unless directed by an adult. Your student must pay attention to instructions from trained personnel.

What you can expect if an emergency occurs:

- The emergency plan will be implemented and the district/school emergency teams will respond.
- All appropriate emergency response agencies will be dispatched to the school.
- Depending on the situation, students and employees will be secured within the building or relocated to a Reunification Site.
- Families will be kept informed on the situation with as much detail as possible. The first and official way for us to contact you in an emergency is using our automated phone calling system. This will most likely originate from the phone number 701-746-2212. Please save this phone number in your contact list now. Please only rely on these official communications.
- In an emergency situation, phones are needed to manage the situation and lines must remain open. Calling could also put students and employees at risk in an intruder situation. For example, if they did not have time to turn down their ring volume, your call could potentially give away their hiding spot.
- You will not be allowed on school grounds during an emergency. Emergency personnel responding to the situation need the area clear to do their job. After emergency responders determine that a safe student release is possible, arrangements will be made to reunite students with their families. This will occur at a reunification site.
- Students will not be allowed to take their property (coat, backpack, etc.) with them in an emergency.

After an Emergency:

- You will be directed to the reunification site, and you will need photo identification.
- Students will only be released to a parent, guardian, or other adult listed on the student's Emergency Information Form, which you completed at the beginning of the school year. The individual picking up the student will be asked to complete a Student Release Form (available on-site). This procedure is designed for your student's protection and for your peace of mind.
- Please be aware that reunification can be very time-consuming, and we appreciate your patience.
- It is important to remain calm as students are greatly influenced by their family's sense of well-being. At the same time, families need to be compassionate listeners when their student speaks of an emergency. Please seek help from the school, district, or community resources if you/your student have concerns.

Press Pause

Families should be aware that Grand Forks Public Schools will ask students and employees to "Press Pause," or wait five minutes before communicating (texting, posting, tweeting) in an emergency to give authorities sufficient time to assess the situation and communicate accurate information. This helps to avoid an environment that shares misinformation, which may escalate a situation. Teachers/Administrators will give students the "Green Light" to utilize their device. Additionally, all Grand Forks Public Schools students and families are encouraged to report anything they see, hear, or are made aware of that may impact a school. If you see or hear something, say something. Call 911 or the Grand Forks Police Department at 701-787-8000. To text an anonymous tip to the Grand Forks Police Department, text GFPD to 847-411.

- When providing information, please be as detailed as possible. Include the name of the school(s), person(s) involved, type of alleged activities, when they occurred/may occur.
- All threats are taken seriously. Police are notified, and officers and school administrators work together to thoroughly investigate any threat, whether it is made verbally, in writing, email, text message, or online. The earlier we know about a potential threat, the earlier an investigation can begin.
- Anyone who makes a threat against a school could face criminal charges. If a student is involved in making a threat, the school/district will respond as outlined in this student handbook.

WARNING: it is against policy to impersonate an official Grand Forks Public Schools' social media account or post false information about or from the school system under an anonymous account or alias. Depending on the nature of the post, such action may result in notification to local law enforcement. If made by a student, it could result in disciplinary action.

Conduct at Student Assemblies

Attendance at pep rallies and assemblies is a privilege. At all times, student behavior should be polite and courteous. Students who display inappropriate behavior or noises will be asked to leave the program and may be restricted from attending future events.

Personal Appearance

Dress and grooming are important to the student body at any school. Students are asked to use common sense in their personal appearance and not to wear clothing that can be hazardous in learning situations, such as labs and shops. Students must wear shoes at all times. Hats, caps, hoods, and non-religious head coverings, and jackets are not to be worn in school. Clothing with derogatory sayings or double meanings involving sexual, illegal, or violent connotations is not allowed. Clothing that advertises alcohol, tobacco products, or other substances not allowed on school property is also not permissible.

Shirts/tops should be long enough and non-transparent so no skin nor undergarments are showing. Students should be covered at the neckline and midriff. Bottoms should be as long as mid-thigh with no undergarments showing. Students wearing inappropriate attire will be instructed to change, and parent(s)/ guardian(s) will be contacted.

Student Use of Cell Phone, Smart Watches and Other Electronic Devices

Students are not permitted to use cell phones or other electronic devices (sound or image) during the school day in any unauthorized area of the school building or at any school sponsored events or activities. "Use" of a cell phone includes text messaging and social media. "Unauthorized area" means any area where there is a reasonable expectation of privacy; including, but not limited to classrooms, locker rooms, and restrooms or any other area designated by the building principal. Use of cell phones or image recording devices in locker rooms and restrooms at any time is strictly prohibited. Students in violation of any portion of this policy will be subject to disciplinary procedures and confiscation of the cell phone or other electronic device. If a student's cell phone or other electronic device is confiscated, the building principal may search the confiscated property upon a reasonable suspicion that the search will yield evidence of a violation of a school rule or upon reasonable suspicion that the school safety or security may be in jeopardy. Disciplinary action up to and including suspension, expulsion and/or citation by law enforcement may be taken against any student using a prohibited device contrary to this rule or in a manner that causes substantial disruption to the educational environment. The building principal or a designee is authorized to make exceptions to the prohibitions set forth in this policy for health, safety, emergencies or as required by an individual education program.

Skateboards, Rollerblades, Scooters, Mopeds, Etc.

Skateboards, rollerblades, scooters, hoverboards, mopeds may be used on the way to and from school but not during the school day. Students are not allowed to perform, practice, or otherwise demonstrate tricks, stunts, or other maneuvers on school property with rollerblades or skateboards. Helmets are encouraged. These items must remain in school lockers during the school day, in a designated area. Students in violation are subject to consequences, including having their property confiscated. Repeat offenders may have additional consequences which would be determined by the school.

Laser Pointers

Laser pointers are not allowed in school or at school activities. Students violating this regulation are subject to consequences, including confiscation of the device and school suspension.

Posters and Signs

All posters and signs must be approved by an administrator before being displayed. All such items will be displayed in a designated area unless special permission is granted to display elsewhere.

Before/After School Sponsored Activities

1. School sponsored activities will be arranged through the school principal.
2. School sponsored activities will be limited to two (2) hours in length. Students will not be permitted to re-enter if they leave early.
3. School sponsored activities are chaperoned by members of the faculty and, at times, also by parent(s)/ guardian(s).
4. Students must meet the eligibility rules to attend school sponsored activities.
5. Students who do not follow the school code of conduct may be asked to leave and/or not attend future events.

Lockers

Students are assigned a lock and locker in the hall and a locker in the gym for personal belongings. Students may go to their lockers before school, at lunch and after school. Lockers must be kept locked at all times, and the combination must not be given to other students. The school is not responsible for items taken from lockers. Please do not keep money or valuables in your locker. Defective lockers must be reported to the office so that proper repairs can be made. A replacement fee will be charged for lost locks.

Ownership and control of all lockers shall be retained by the school. The combinations for all locks provided by the school are known and retained by school officials for use in any routine searches or inspections. Principals may inspect/search lockers in accordance with Grand Forks School Board Policy 5310.

STUDENT ACTIVITIES

A variety of activities are provided to students with opportunities to develop interests and to make school experiences more enjoyable. Students are encouraged to participate in them and to get involved.

Participation Fees

The Grand Forks School Board has instituted the participation fees in athletic and co-curricular activities sponsored by the Grand Forks School District. The following guidelines will be utilized and followed for the purpose of assessing and collecting the various fees:

1. Students reporting for fall activities will pay the fees at the time of fall registration. Students reporting for activities that begin after the opening of school will pay the fee after they report for the activity. The coach/director of the activity will the office a roster of the participants involved in the activity. The respective school office will be responsible for collection of the fees.
2. Students unable to pay the participation fee will not be denied the right to participate. The Athletic Director will make the decision in this area. The free/reduced hot lunch guidelines will be used as a reference.
3. In all activities, students will be expected to pay the fee prior to the first contest.
4. No participation fees will be charged for statistician persons, student managers, and trainers.
5. When injury or illness prevents continuation in a sport or activity, a refund will be made (providing the injury/illness is substantiated by a physician's statement) up until the time of the first scheduled contest or public appearance.
6. After the first contest, public appearance or after one-third of the season, no refunds will be made for any reason due to the fact that the benefits of the sport/activity will have accrued to the amount of the fee to the student.
7. Students who voluntarily drop out of the activity will forfeit their fees.
8. When an athlete in grades 7 and 8 makes a senior high varsity team, he/she must pay the senior high fee.
9. The middle school participation fee for Athletics, Debate, Speech, Drama, and Performing Arts is \$45.00.
10. Club Sports are programs that are sponsored by private groups. The district does not fund or govern club sports and therefore, the fee is not included in the school participation fee.
11. Student athletes may choose not to use the district provided transportation. A signed note from the student athlete's parent or guardian must be submitted to the coach. Student athletes who have submitted the note can only be released into the custody of the parent or guardian. The coach must physically see the parent or guardian before releasing the student athlete. Student athletes may not be released to travel with a friend or sibling even if a parent/guardian note is sent.

The Grand Forks Public School District does not carry or provide medical insurance to participants in school activities who may be injured or become ill while participating in a Grand Forks Public School District sponsored activity. All such costs are the responsibility of the parents/guardians.

Activity Pass

Students can purchase a yearly activity pass through the school office. The free/reduced hot lunch guidelines will be used as a reference for students unable to pay. Students can also purchase an individual pass at each event.

EXTRACURRICULAR PARTICIPATION REQUIREMENTS

Philosophy

The Board believes that participation in extracurricular activities constitutes a privilege and not a right. Students who participate in extracurricular activities represent the student body, school district, and community on the state and national level. As such, behavior of these students is a reflection on the entire community.

The District shall enforce the requirements placed on extracurricular participants by North Dakota law and the North Dakota High School Activities Association (NDHSAA), which govern both on- and off-campus behavior. In addition, the Board has established the following extracurricular participation requirements.

Activities Affected by this Policy

Activities affected by this policy shall include extracurricular activities as listed in the student handbook, including those not sponsored by NDHSAA.

Academics

For the purposes of this policy, a failing grade is defined as receiving an 'F' in any curricular course as computed from the beginning of the semester for regular education students or, in the case of special education students, not meeting the goals of Individual Education Programs as assessed from the beginning of the semester.

No middle school student may participate in a middle school level contest unless he or she is not failing two or more classes at the time that grades are reviewed by the school administration

No middle school student may participate in a high school level contest unless he or she is passing all of their classes at the time that grades are reviewed by the school administration.

Violation of Other Misconduct Policies

Students who violate student conduct policies not covered by NDHSAA bylaws may be subject to suspension from extracurricular activities for a period of up to six consecutive weeks for the first offense and a period of eighteen weeks for any subsequent offense(s). Such consequences shall be imposed in addition to other disciplinary consequences imposed under the applicable policy.

Full review of the NDHSAA policies can be found on their website at NDHSAA.com

ATTENDANCE POLICIES AND PROCEDURES

The Grand Forks Public School District believes that regular school attendance is the joint responsibility of the student and their parent(s) or guardian(s), and it is essential for student success in school. The District shall abide with compulsory attendance requirements in state law for students ages seven through sixteen. In order to comply with and enforce these requirements, the Board establishes the following attendance policy.

Definitions

For purposes of compulsory attendance reporting under NDCC 15.1-20-02.1 (1-2):

- *Excused absence* is an absence that the District will not use in determining if a compulsory attendance violation occurred. Any absence may be excused if it is supported by either a verbal or written excuse supplied by the student's parent/guardian, teacher, or school administrator.

Examples of an excused absence may include illness, injury, family emergency, religious observance or instruction, suspension, participation in a school-related activity, court appearances when subpoenaed, or other reasons deemed necessary and justifiable by the principal or Superintendent or designee.

- *Unexcused absence* is any absence not supported by the verbal or written excuse required for an excused absence, and shall count in determining when a compulsory attendance violation occurred. If a student is absent for an unexcused reason, the parent/guardian is responsible for promptly calling the principal's office to explain the absence, and the student shall be subject to the consequences contained in the Absences section of this policy.

Examples of an unexcused absence may include, but are not limited to, truancy, oversleeping, routine errands, car trouble, haircuts, beauty shop appointments, car maintenance and repair, senior picture appointments, and any undeclared absences.

Documentation Requirements

School administration may require documentation to verify an excused absence, including, but not limited to:

1. Medical documentation from an appropriate licensed healthcare provider;
2. A copy of a court summons or subpoena;
3. An obituary for funeral leave;
4. Verification of planned or executed family travel (e.g., a boarding pass);
5. A request from an official at the student's place of worship; or
6. A request for an absence due to a curricular or extracurricular event submitted by the student's teacher, coach, or extracurricular advisor.

Compulsory Attendance Violations

North Dakota law defines what constitutes a compulsory attendance violation. Suspected violations of the compulsory attendance law shall be reported to school administration and investigated in accordance with law. When a compulsory attendance violation is substantiated, the District shall comply with law enforcement reporting requirements under law.

Absences

The Board recognizes that prompt, regular attendance is extremely important. Absenteeism not only adversely affects the learning process of a student but also may impede their normal progression through the grades. The Board expects each student to attend all scheduled classes and daily activities except when a school administrator has excused a student. The Superintendent or designee shall establish criteria for requesting and granting approved absences, make-up work requirements, and parental notification processes for students with accumulated absences. Students shall be subject to disciplinary sanctions due to unexcused absences.

Excuses

In the event of an absence, the parent(s)/guardian(s) should call the school indicating the student will be absent. A medical documentation may be required.

Make-Up Work

Students are responsible for work missed because of any absence. Students who miss school because of school activities or any pre-arranged absence must make arrangements for the missed work with teachers prior to the absence. Students who miss school will have the same number of days missed plus one additional day to complete the work. At the end of a grading period: quarter, trimester, semester, or year, students have a maximum of 10 school days to complete any outstanding work. Students are expected to make arrangements with teacher(s) to complete the work as soon possible following an absence.

Cheating/Plagiarism

Students who use plagiarized papers or projects or are involved in any other form of cheating will be subject to reduction in grades and/or disciplinary action.

Permission to Leave School

When a student needs to leave school during the school day, the student should speak with the attendance secretary and get properly checked out with a telephone call and/or a written note from parent(s)/guardian(s).

1. **Illness or Emergency:** If a student does not feel well enough to attend classes, he/she is to report to the principal's office. Arrangements will be made for the student to go home. In some emergency situations, the student will be placed on a cot until the parent(s)/guardian(s) can pick the student up.
2. **Medical or Dental:** Students must have written permission by parent(s)/guardian(s) or dental/health care provider to leave school. When the student returns, he/she should have a statement from the dental/health care provider verifying the length of appointment.
3. **Non school activities** (ex: Park Board, dance groups, etc.): The time for leaving early for non-school related activities will be determined by the sponsoring organization and the school administration.
4. **Prearranged absence:** If a student knows an absence is going to occur (such as a funeral for a family member out of town, leaving town with parent(s)/guardian(s), medical appointment out of town, etc.) a special pre-arranged absence form will be furnished.
5. **Attendance - Extracurricular activities:** Students are required to attend school the morning following a festival, tournament game, drama production, etc., which is held the evening before at the school or elsewhere. A student must be in attendance the day of a performance or contest or activity to be eligible to participate or attend.

Truancy

Truancy is defined as being absent from one or more classes without the consent of parent(s)/guardian(s) and/or school officials. The North Dakota compulsory attendance law mandates that students under the age of 16 must attend school every day. When truancy occurs, the juvenile authorities may be contacted. Students will be required to make up work missed.

Tardiness

Students are expected to be on time and prepared for school. If a student is late for school, the student must report to the attendance office to have his/her name removed from the absentee list. Students will be expected to make up time for unexcused tardies. Habitual tardiness is not tolerated. The number of tardies is recorded on a student's permanent record. Each school will develop procedures to

ensure appropriate implementation of the above expectations and will reflect each school's philosophy in meeting the goal of excellent student attendance.

Lunch Period

All students are expected to be in the lunchroom during their 25-minute lunch period. Improper behavior will not be tolerated in the lunch areas.

Money for meals can be deposited into accounts any morning before 10:00 am and needs to be in a sealed envelope. Write the student's name and account number on the outside of the envelope. Make checks payable to the **Grand Forks Public Schools**. Students will receive a reminder when their account is low. Register at myschoolbucks.com to receive automated reminders of account status for no charge. You may also add money to your child's account through myschoolbucks.com for a small fee.

Refunds of accounts can be given to those leaving the school district by contacting the Cook Manager in each school. Balances at the end of the year will be kept until the next school year. If a student's balance is more than \$15.00 at the end of the school year, a refund can be requested.

In accordance with the Grand Forks Public School Wellness Policy, Policy ABEA, we strive to be superior in our nutrition standards. The District shall comply with USDA Smart Snacks in School nutrition standards for all competitive foods and beverages sold on school grounds during the school day to students including those foods and beverages provided at celebrations and parties and classroom snacks brought by staff or family members. The Grand Forks Public School Wellness Policy, Policy ABEA, can be found on the Grand Forks Public Schools website at <https://www.gfschools.org/domain/11>.

According to the Smart Snacks in Schools Regulation Policy ABEA-AR3 for lunches or food other than Child Nutrition meals “no food other than food sent from home is allowed during meal times”. This means families are not allowed to bring in fast food or other restaurant foods into their student or for themselves.

SCHOOL CONDUCT STANDARDS & DISCIPLINARY PROCEDURES

Grand Forks middle school students are expected to observe a high standard of conduct at school and at all school functions. This implies proper dress at these functions and generally accepted standards of behavior. When students represent the school on out-of-town trips, it is expected that they conform to these same high standards of conduct.

All students have the responsibility to assist in maintaining a safe and harmonious environment. Willful conduct such as **bullying, harassment, verbal and/or nonverbal intimidation or threats, stalking, assault, fighting, vulgar and indecent behavior, insubordination and any other willful conduct** which materially and substantially disrupts the rights of other students to an education is prohibited. This includes bullying, harassment, and intimidation or threats through electronic and Internet use. Any student committing such acts shall be subject to appropriate disciplinary action.

Insubordination, Disrespect, and Fighting

Insubordination means disobeying teachers or staff members; not following instructions in regard to conduct; or in any way by actions or words, showing a defiant attitude. Disrespect is being offensive and rude in behavior or language.

Student misconduct shall be classified as a minor, moderate, or major violation of conduct standards. Definitions of these terms and disciplinary investigation and response procedures shall be included in student handbooks.

When determining the level of a conduct violation, a teacher, principal, or other school official with disciplinary authority shall take into account the totality of circumstances associated with the misconduct, such as, but not limited to:

1. The degree to which the misconduct disrupted the educational environment;
2. The degree to which the misconduct infringed on the rights of others;
3. The frequency and proximity of the incidents of prior misconduct.

When a school official is unsure of how to appropriately classify a student conduct violation, s/he shall consult with the building principal or, in the case of a building principal, the Superintendent before responding to the misconduct. Neither this requirement nor the disciplinary procedure below shall supersede district policies and procedures containing emergency response and safety measures.

Investigation & Disciplinary Procedures

Minor conduct violations: Minor conduct violations shall be handled by the student's classroom teacher or by a school official with disciplinary authority when the student is not under the supervision of a classroom teacher.

Moderate and major conduct violations: Such offenses shall be referred to the building principal for investigation and response. A teacher or school official referring a student to the building principal as a result of a potential conduct violation shall complete a misconduct report for the principal to review. The principal shall conduct further investigation as deemed necessary and shall include his/her findings on the misconduct report. This report may be placed in the student's educational record at the principal's discretion in accordance with applicable policy and law.

If a moderate or major conduct violation is substantiated, the principal is authorized to respond by invoking one or more (if permitted by this regulation) of the following options:

Minor offenses:

1. Require the student to attend detention;
2. Withdraw student privileges;
3. Contact the student's parents;
4. Develop a behavior adjustment plan;
5. Hold a conference with the student's parent/guardian;
6. Other reasonable sanctions determined by the building administrator.

Moderate offenses

1. Require the student to attend detention;
2. Impose in or out of school suspension. The action shall only be taken in accordance with due process procedures contained in the district's suspension and expulsion policy;
3. Recommend alternative placement. This recommendation shall be submitted to the Superintendent for approval or denial. The Superintendent may approve such recommendations only if the student has been given notice of the charges against him/her and an opportunity to respond;
4. Refer the student to a school counselor;
5. Create a behavioral adjustment plan;
6. Hold a conference with the student's parent/guardian and classroom teacher;
7. Other reasonable sanctions determined by the building administrator

Options four through six are not considered disciplinary sanctions and may therefore be administered on their own or in combination with any disciplinary sanction listed above. Discipline reports may be placed in the student's educational record at the principal's discretion in accordance with applicable policy and law.

Major offenses: The building principal may respond to major student conduct violations using any of the measures listed above for moderate conduct violations or may recommend more severe penalties, which may include expulsion, in accordance with district policy and referral to law enforcement.

Detention

If a student is required to serve detention, his/her parent shall be notified by the school prior to the student serving the detention.

Suspension or Expulsion of Students with Disabilities

Suspension or expulsion of students with disabilities must comply with the provisions of the Individuals with Disabilities Education Act.

The District is not required to refer a regular education student who has been suspended or expelled for violation of school rules and/or district policy for special education assessment and evaluation to determine if such a student might have a disability. A suspended regular education student is not entitled to the reinstatement of school privileges pending any assessment and evaluation that is to be

made during the term of the student's suspension. To view the complete Suspension and Expulsion policy FFK.0917, go to The Grand Forks Public School website at <https://www.gfschools.org/domain/11>.

Suspension

The Grand Forks Public Schools operate under two types of suspensions:

1. An in-school suspension will require the student to be in school during class, doing school work, but not attending regular classes.
2. An out-of-school suspension will be given if the violation is deemed severe by the administrator.

The authority to determine whether or not a student shall be suspended for a period not to exceed ten days rests with the building principal and can be exercised after the student is given:

1. Oral or written notice of the charges against the student,
2. An explanation of the evidence against the student,
3. An opportunity to present the student's side of the story

For further explanation of suspension procedures, see Board Policy FFK-AR1.

Students will not be allowed to participate in or attend extracurricular functions during the time of suspension.

Expulsion

If the administration deems expulsion necessary, the following steps will be taken:

1. Parent(s)/guardian(s) notified
2. Hearing Officer is notified
3. Hearing held
4. Decision by Hearing Officer
5. An expulsion may be for the remainder of the current term or twelve months for firearm violations.

Disturbance of a Public School - Penalty

Bus Behavior

Students' safety on buses is of utmost concern. Misbehavior on buses may result in suspension, detention, or being denied ridership privileges.

BULLYING POLICY

The Grand Forks Public School District is committed to providing all students with a safe and civil school environment in which all members are treated with dignity and respect. Bullying of or by a student or school staff member is against federal, state, and local policy and is not tolerated by the Board. Bullying behavior can seriously disrupt the ability of the District to maintain a safe and civil environment, and the ability of students to learn and succeed. Therefore, it is the policy of the state and the District that students and school staff members shall not engage in bullying behavior while on school property.

Conduct includes the use of technology or other electronic media (e.g. cyberbullying).

- *Electronic communication* is defined in NDCC 12.1-17-07(5) as a transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo-electronic, or photo-optical system.

Prohibitions

A student or school staff member may not:

- Engage in bullying.
- Engage in reprisal or retaliation against:
 - A victim of bullying;
 - An individual who witnesses an alleged act of bullying;
 - An individual who reports an alleged act of bullying; or
 - An individual who provides information/participates in an investigation about an alleged act of bullying.
 - Knowingly file a false bullying report with the District.

Reporting Procedures for Alleged Policy Violations

1. **Reporting requirements for school staff:** Any school staff member with knowledge or suspicion of a violation of this policy or who has received an oral or written report of a violation of this policy from a student, community member, or anonymously shall contact the building principal to inform them as soon as possible. If the alleged violation implicates the building principal, the school staff member shall report it to the Superintendent. If the alleged violation implicates the Superintendent, the school staff member shall report it to the Board President.

Should school administration determine that a school staff member knew of or suspected a violation of this policy and failed to report it in accordance with the procedure above, the staff member may be subject to disciplinary consequences or, for sponsors of school-sanctioned activities, other corrective measures.

2. **Reporting options for students and community members:** Students and community members (including parents) may report known or suspected violations of this policy using any of the following methods:
 - a. Completing a written complaint form (ACEA-E4). A complainant will have the option of including their name on this form or filing it anonymously. The District will place the form in a variety of locations throughout the school and should inform students and staff of these locations. The form may be returned to any school staff member, filed in a school building's main office, or placed in a designated drop box located in each school.
 - b. Complete and submit an online complaint form. A complainant will have the option of including their name on the form or submitting it anonymously.
 - c. File an oral report with any school staff member.

Bullying may be a repeated or, in rare cases, one-time exposure to deliberate, negative behavior by one or more individuals. Single incidents and conflicts between two or more individuals do not automatically constitute bullying behavior. Districts should investigate each situation to determine if the alleged behavior meets this policy's definition of bullying. If the misconduct does not meet this policy's definition of bullying, it may be addressed under other district disciplinary policies. A complaint filed anonymously may limit the district's ability to investigate and respond to the alleged violations.

Documentation and Retention

The District shall develop a form to report alleged violations of this policy (ACEA-E3) and investigation procedures. Full information surrounding documentation, retention, and investigation procedures can be found on the Grand Forks Schools web page, at <https://www.gfschools.org/domain/11>.

Reporting to Law Enforcement and Others Forms of Redress

Law enforcement must be notified by a school administrator or the Board President if there is reasonable suspicion that a bullying incident constituted a crime on or off school district property. Nothing in this policy shall prevent a victim/their family from seeking redress under applicable state and federal law.

Disciplinary and Corrective Measures

Students who the District has found to have violated this policy shall be subject to disciplinary consequences and/or corrective measures. When determining the appropriate response to violations of this policy, administration shall take into account the totality of circumstances surrounding the violation. Measures that may be imposed include, but are not limited to:

1. Require the student to attend detention.
2. Impose in- or out-of-school suspension or recommend expulsion. Due process procedures contained in the district's suspension and expulsion policy shall be followed.
3. Recommend alternative placement. This recommendation shall be submitted to the Superintendent for approval or denial. The Superintendent may approve such recommendations only if the student has been given notice of the charges against him/her and an opportunity to respond. Alternative placement of special education students will be handled in accordance with applicable policy.
4. Create a behavioral adjustment plan.
5. Refer the student to a school counselor.
6. Hold a conference with the student's parent/guardian and classroom teacher(s), and other applicable school staff.
7. Modify the perpetrator's schedule and take other appropriate measures (e.g., moving locker) to minimize contact with the victim.
8. If applicable, contact the administrator of the website or social media platform on which the bullying occurred to report it.

If the misconduct does not meet this policy's definition of bullying, it may be addressed under other district disciplinary policies. If the perpetrator is a school staff member, the District shall take appropriate disciplinary action including, but not limited to: a reprimand, modification of duties (only if allowed by applicable policy, the negotiated agreement, and/or the individual's contract), suspension, or a recommendation for termination/discharge in accordance with applicable law and/or policy.

Victim Protection Strategies

When the District confirms that a violation of this policy has occurred, it should notify the victim's parents and shall implement victim protection strategies. These strategies shall be developed on a case-by-case basis after administration has reviewed the totality of the circumstances surrounding the bullying incident(s) or other violations of this policy. Strategies may include, but not be limited to, the following:

1. Additional training for all students and applicable staff on implementation of this policy and/or bullying prevention.
2. Notice to the victim's teachers and other staff to monitor the victim and his/her interaction with peers and/or the assignment of a staff member to escort the student between classes.
3. Assignment of district staff to monitor, more frequently, areas in the school where bullying has occurred.
4. Referral to counseling services for the victim and perpetrator.
5. Modification of the perpetrator's schedule and other appropriate measures imposed on the perpetrator (not the victim) to minimize the perpetrator's contact with the victim.

Technology Use

The Grand Forks Public School district provides technology resources for staff and students ("users") to support the educational mission of the district. The district encourages efficient, cooperative and creative methods to perform the user's educational, administrative or job-related tasks. The successful use of these resources requires adherence to a policy that promotes safety, efficiency and appropriate usage.

Technology resources provided by the district include but are not limited to:

- Computers and related peripherals
- Printers
- File and application servers
- Telephones, fax, and voice mail systems
- Internet and Network Access
- Email accounts
- Video networks
- Televisions, DVD players
- iPads, iPad minis
- Camcorders and digital cameras
- Copy machines, Cell phones, and Hotspots

The efficient application of these resources requires the cooperative effort of district support personnel, staff and students. This policy governs issues unique to technology resources and works in accordance with district policies.

Expectations and Use Requirements: The district expects users to exhibit professional/responsible behaviors when using district technology resources. Use of district technology resources is a privilege that may be revoked if the expectations are not followed.

These expectations include:

- Use of technology resources to support the educational mission of the district in an ethical and professional manner. The Grand Forks Public School District does not allow the use of defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, or illegal material and does not permit usage of such material at any time in the school environment.
- Adherence to other district policies as they apply to technology resources.
- Compliance with all local, state and federal laws. This includes no computer hacking, software piracy, copyright infringement and other illegal behaviors.

Full information on the Technology Use policy 5331 surrounding Privacy, Security, and Internet Safety and Use of Filters can be found on the Grand Forks Schools web page, at <https://www.gfschools.org/domain/11>.

The Internet offers many valuable educational resources for users, but there are also safety issues that should be considered. Internet safety issues include:

- Keep your personal information private. Don't give anyone your name, address, phone numbers, passwords or other personal information about yourself when online and students should always check with an adult before giving out any information online.
- Don't read email or download attachments from people you don't know. It is an easy way to infect your computer with a virus or be lured to an objectionable website.
- Understand that nothing done on the Internet is private. Records exist that document everything you do while online.
- Tell a trusted adult or supervisor if someone says things or sends you something that you consider inappropriate. Do not respond to the person either directly or indirectly.
- Never meet online-only friends in person. The people you meet online may be very different people in person. You have no way to confirm the real identity of someone you meet online.
- Practice proper etiquette while online and avoid conflicts with other users.

Although the district provides a filtering system to limit user access to potentially objectionable material, no filtering system can provide complete protection and it is the users responsibility to use Internet resources appropriately. Staff must supervise students using Internet resources at all times. Problems with the filtering system should be reported immediately to the district technology staff.

Administration will use its discretion on the educational values of Internet resources and may restrict/allow access accordingly.

Potentially objectionable material includes, but is not limited to:

- Visual depictions that are obscene or depict child pornography as defined by the Child Internet Protection Act.
- Violence/violent behavior
- Illicit drugs/drug culture
- Gambling
- Alcohol/tobacco
- Excessive email/chat
- Materials harmful to minors
- Hacking
- Cyberbullying

E-Mail, Internet, and Network Use: The district provides email accounts and Internet access for staff and students. The global and fluid nature of these resources requires unique standards regarding their use in our district. Considerations when using these resources include:

- Users must adhere to the Technology Use Policy at all times when using the Internet and/or email, including after hours, weekend and/or holiday use.
- Users are prohibited from using district email or Internet access for commercial or personal gain.

- Users are prohibited from using district email or Internet access for unethical-or illegal behaviors or activities that are contrary to any district policy.
- Material hosted on district servers and published on the Internet will be reviewed for appropriateness. Criteria will include student safety, student privacy and educational value.
- Materials that represent Grand Forks Public Schools and are hosted on non-district servers should adhere to the Acceptable Use Policy.
- Students will be provided a district issued e-mail account up enrollment. Students are not allowed to access non-approved email accounts while in school. Student accounts may be revoked if used inappropriately as outlined in the Grand Forks Public Schools Acceptable Use Policy.

Vandalism: Vandalism includes any malicious attempt to harm or destroy any Grand Forks Public School district equipment or software or the data of another user on a computer, local networks, or global networks. Vandalism is prohibited and may result in cancellation of privileges or other disciplinary action addressed in Grand Forks School [Board Policy 5330](#).

Sanctions: The building administrator and/or supervisor are responsible for applying sanctions when the Acceptable Use Policy has been violated. Possible sanctions for any actions that violate the Acceptable Use Policy include but are not limited to:

- Loss of access privileges to technology resources
- Removal of students from classes with loss of credit
- Expulsion
- Restitution for damages to software, hardware, or other technical equipment
- Restitution for costs associated with repair of equipment or software
- Restitution for costs related to improper use of district telephone, fax or voicemail systems
- Involvement of local, state or federal law enforcement
- Disciplinary action deemed appropriate by building administrator/supervisor

As part of the emergency procedures in place in our schools, any student who poses an imminent risk of injury to himself/herself or to others may be physically restrained and/or placed in seclusion by school staff in accordance with Grand Forks School Board Policy 5634. These can occur along with other emergency actions such as School Resource Officer interventions. Prohibitions

Students, staff, and visitors are prohibited from possessing, using, consuming, displaying, promoting, or selling tobacco products, electronic smoking devices, imitation tobacco products, or lighters at any time on school property or at any school sponsored event or activity. In addition, students who participate in extracurricular activities are prohibited from possessing or using tobacco products at any time, on and off school property, as directed by district policy (FFE-0920) and the North Dakota High School Activities Association bylaws. This policy includes all events on school property that are not sponsored by, or associated with, the school.

The District shall not promote or allow promotion of tobacco products, electronic smoking devices, imitation tobacco products, or lighters on school property, at any school sponsored event or activity, or in any school publications. This includes promotion of these products via gear, technology accessories, bags, clothing, any personal articles, signs, structures, vehicles, flyers or any other materials.

Extracurricular Participation Eligibility

Eligibility is determined on a week-by-week basis. If a student has two (2) or more F's, he/she will be ineligible for a period of a week from Wednesday to Wednesday. Students may attend practice but may not play, perform, or travel to any games or public contests while they are ineligible. Extracurricular activities include sports, plays, musicals, speech, and music festivals/ensembles.

Citizenship Eligibility

If a student earns two (2) or more 2's or a 1 for inappropriate behavior, the student may not participate in any extracurricular activities for one week. This includes any NDHSAA sponsored events. Behavior grades may be issued by any staff member: teachers, principals, paras, custodians, lunchroom supervisors, or other adults working in the school.

A suspension from representing the school means that a student can practice with extracurricular teams while participating in clubs and the like within the school but may not participate in any public events during the suspension. In addition, the student is not eligible to travel with the team or group out of town during the time of the suspension.

Student Suspensions and Academic Eligibility Interpretations

The following policies apply to students in grades 7 and 8 who participate in academic or athletic activities.

SECTION IV: Students must be making satisfactory progress toward the school's requirements for graduation. The school where the student is fully enrolled and regularly attends shall determine satisfactory progress. Failure to acquire two and one half credits at the end of a semester will make him/her ineligible for a minimum of two weeks the following semester. (2015)

Academic Eligibility

No student in grades 6-8 shall participate in any trips, performances, or competitions associated with the co-curricular activities or other school related events if such student shall at the same time have any unsatisfactory record of scholarship. (Behavior, Academic, Attendance) NOTE: Students who are in violation of this policy will not be suspended from public appearances, such as music concerts, when it is a course requirement or academic credit is given. They will, however, be suspended from participation in interscholastic contests, activities and events. Administration will review egregious violations that may result in disciplinary action that supersedes this policy.

VIOLATION

Any student who is observed to be under the influence of a prohibited substance will be taken immediately to the principal's office. The student's parents will be notified and asked to pick up the student. If there appears to be imminent danger to other students, school personnel, and/or the student involved, the principal may have the student removed from the school by school, medical, or law enforcement personnel.

Disciplinary sanctions will be imposed on any student violating this policy. These sanctions may include:

1. Notification of proper authorities for prosecution. Prohibited substances will be confiscated and illegal substances will be turned over to law enforcement authorities.
2. Suspension or expulsion.
3. Student may be referred for chemical evaluation.
4. Any student who presents reasonable suspicion of having used alcohol may be given a breath test on the school premises.
5. Eligibility rules in the N.D. High School Activities Association handbook.

Chemical Abuse Assessment Team

Under Century Code 15.1-24-03, any school may appoint a chemical abuse pre-assessment team consisting of a school counselor, a social worker, and other appropriately trained individuals or a school may use a building support team to carry out chemical abuse prevention services under this chapter.

Procedures:

1. The team shall review and act upon law enforcement reports of chemical abuse violations by students.
2. Within fourteen (14) days of receiving a report, the team shall determine whether to provide the student, or if the student is a minor to the student's parent or guardian, information regarding chemical abuse and school and community services available to assist individuals who engage in chemical abuse.

MEDICAL INFORMATION

Medicine

School personnel may not dispense or administer prescription medication without a signed request by a health care provider and parent. Over-the-counter medication will not be dispensed or administered without a signed parent request. Any medication that may be administered is controlled by specific policy procedures and should be turned in to the school office in the original container. Medical authorization forms are available in the school office.

Immunization Law for Middle School

According to the North Dakota Administrative Code 33-06-05: Any child admitted to school or early childhood facility under the provision that such child is in the process of receiving the required immunization shall be required to receive the immunizations according to the recommended schedule set forth by the state department of health. Any child not adhering to the recommended schedule shall provide proof of immunization or a certificate of immunization within 30 days of enrollment or be excluded from school or early childhood facility. SCHOOL EXCLUSION DATE IS OCTOBER 1, 2021, FOR THOSE STUDENTS WHO ARE NOT UP TO DATE. Immunization requirements include vaccination against polio, diphtheria, tetanus, pertussis, measles, mumps, rubella, and hepatitis B and varicella (chickenpox). **Meningococcal and Tdap** vaccinations are required for all 7th and 8th graders. The law does allow exemptions for medical, philosophical, moral or religious reasons. However, when there is a danger of an epidemic from any of the communicable diseases for which immunization is required, those children who are not adequately immunized, including those with an exemption, will be excluded until the danger of the epidemic is over.

Medical Conditions Requiring a Health Plan

A student with a medical condition (such as diabetes, seizure disorders, allergy requiring Epinephrine, heart conditions, etc) or requiring a medical procedure (such as catheterizing, tube feeding, suctioning, etc) must have a health care plan in place and signed by the health care provider before the student may attend school. In some situations, Unlicensed Assistive Personnel (UAP) will need to be trained. A meeting with parents for instruction of medical needs and procedures must be completed prior to the student attending school.

Medication During School Hours

Students must not carry medication with them during school hours. This includes over the counter and prescription medication.

Exceptions are: students with diabetes may carry their insulin supplies, students with allergies may carry Epinephrine and Benadryl, and students with asthma may carry inhalers.

If consent has been given by a parent/guardian on the On-Line Registration, the school nurse may administer over the counter medication using standing orders approved and signed by the Deputy Health Officer, Dr Joel Walz and the Asst. School Superintendent, Brenda Lewis. The Yearly Information Health Record is found in the registration packet.

If a student requires prescription medication, a parent/guardian may give permission for the nurse or an unlicensed person, who has successfully completed medication training with certification, to administer medication. A Medication Authorization Form must be completed for prescription medication to be administered including a health provider's signature along with the parent/guardian's signature.

If a student needs over the counter medication on a regular basis (for example, when the nurse is not present) or a different over the counter medication that the nurse does not have on her standing orders, the parent may bring this medication to school for the school nurse or the medication certified unlicensed person to administer. This will require a Medication Authorization Form completed by the parent/guardian, as well as a bottle of the medication in the original container, that is labeled with the student's name. The school cannot give more medication than what the drug label recommends. Giving more than what is recommended on the label requires a health care provider's signature since giving more than the label recommends becomes a prescription dose.

Essential Oils Use

Student use of essential oils in school requires that it be ordered by a physician or health care provider. If ordered, the parent needs to administer the essential oils. School staff will not be allowed to administer essential oils and students will not be allowed to self-administer essential oils. Students should not be in possession of essential oils on school grounds. The preference is that essential oils be administered before and/or after school. If other students or staff have adverse reactions such as migraines, asthma attacks and other allergic reactions to essential oils, the student will not be allowed to use essential oils while in school.

Concussion Management

The District shall comply with the concussion management program requirements contained in law (NDCC 15.1-18.2). The District has placed concussion signs and symptoms; removal from practice, training, and/or game requirements; return to play requirements, and staff, student, and parental training requirements in administrative regulations (FCAF-AR). Outcomes may include disciplinary measures such as termination of employment or student expulsion in accordance with board policy, law, and, when applicable, the negotiated agreement. Students and employees are expected to fully cooperate in the investigation process. The District will take steps to prevent recurrence of discrimination, harassment, or retaliation and remedy discriminatory effects on the complainant and others, if appropriate.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA) POLICY

In most cases, school Districts cannot disclose personally identifiable information from students' education records without the consent of parents/eligible students. However, some exceptions include:

1. Personally identifiable information from students' education records can be disclosed to school officials with a legitimate educational interest. A school official is a person employed by the District such as an administrator, teacher, support staff; individuals with whom the District has contracts to provide services (ex: health care providers, law enforcement unit personnel, transportation personnel); other individuals working on behalf of the District, such as school board members, a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist). A legitimate educational interest means that individuals, such as those listed above, need access to personally identifiable information from students' records in order to fulfill their professional responsibilities.
2. Students' education records can be forwarded to other schools, school Districts, or post-secondary education institutions to which a student seeks or intends to enroll, or has already enrolled as long as such disclosures are for purposes related to a student's enrollment or transfer.
3. Federal law permits a school District to identify certain information as "directory information," or information that is generally not considered harmful or an invasion of privacy if released. The primary purpose of directory information is to allow the District to include information from your child's educational records in certain school and District publications, including a playbill or program, showing your child's role in a drama production or instrument played; the annual yearbook, honor roll or other recognition lists; graduation programs; and sports activity sheets. Grand Forks Public Schools has designated the

following information as directory information: student's name, address, telephone number, date and place of birth, grade level, participation in officially recognized activities and sports, weight and height of members of athletic teams, awards received, and musical instruments played. This information may be publicly released unless parents/eligible students inform the District otherwise.

4. At times, representatives from radio, television, and print media may visit your child's school or classroom to share human interest stories or report news (your child receiving an award, for example). This may include talking to students, taking pictures and/or video. Student names and grade level may be, but are not always, requested and/or included. This information may be released unless parents/eligible students inform the District otherwise.
5. Using a variety of Internet resources as a component of district curriculum and communication has become a necessary and important part of digital learning. Students will have opportunities to work with, learn, and publish content on district approved Internet resources. I give permission for my child's name, picture, voice, video, and other academically created content to appear in district approved Internet resources. This information may be released unless parents/eligible students inform the District otherwise.
6. Two federal laws require the District to provide 9th, 10th, 11th, and 12th grade students' names, addresses and telephone numbers to military recruiters upon request, unless parents/eligible students inform the District otherwise.
7. State law requires school Districts to provide 10th and 11th grade students' names, addresses, and phone numbers to the North Dakota University System, which in turn discloses to the state's colleges and universities, unless parents/eligible students inform the District otherwise.
8. State law requires school Districts to provide students' names and addresses to tutoring services (Supplemental Education Services) at certain Title I schools in our District. These companies may contact you about their services through mailed advertisements or promotional flyers only, unless parents/eligible students inform the District otherwise.

If you do not want your child's information disclosed (see #3 through #8 above), please contact your school to obtain the Student Information Opt-Out Form and return it to the main office at your child's school by the first day of school. If we do not receive the attached form back by this date, we will assume that there are no objections to disclosing the information listed above. For families new to the District, or enrolling after the first day of the school year, you have five business days from the date of your child's enrollment to submit the attached form to the main office at your child's school.

In addition, the FERPA affords parents and students over 18 years of age certain rights with respect to the student's educational records, including:

1. The right to inspect and review the student's education records within 45 days of the day the District receives a request for access. Parents or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. Annual Notification to Parents and Students of Confidentiality and Student Records

Grand Forks Public Schools Families,

The purpose of this notice is to inform you of your rights under two federal laws – the Family Educational Rights and Privacy Act (FERPA) and Protection of Pupil Rights Amendment (PPRA).

In most cases, school Districts cannot disclose personally identifiable information from students' education records without the consent of parents/eligible students. However, some exceptions include:

1. Personally identifiable information from students' education records can be disclosed to school officials with a legitimate educational interest. A school official is a person employed by the District such as an administrator, teacher, support staff; individuals with whom the District has contracts to provide services (ex: health care providers, law enforcement personnel, transportation personnel); other individuals working on behalf of the District, such as school board members, a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist). A legitimate educational interest means that individuals, such as those listed above, need access to personally identifiable information from students' records in order to fulfill their professional responsibilities.
2. Students' education records can be forwarded to other schools, school Districts, or post-secondary education institutions to which a student seeks or intends to enroll, or has already enrolled as long as such disclosures are for purposes related to a student's enrollment or transfer.
3. Federal law permits a school District to identify certain information as "directory information." The primary purpose of directory information is to allow the District to include information from your child's educational records in certain school and District publications, including a playbill or program, showing your child's role in a drama production or instrument played; the annual yearbook, honor roll, or other recognition lists; and graduation programs. Grand Forks Public Schools has designated the following information as directory information: student's name, address, telephone number, date of birth, grade level, photograph, participation in officially recognized activities and sports, and awards received. This information may be publicly released unless parents/eligible students inform the District otherwise (**see section "A" on form**).
4. Grand Forks Public Schools may receive a request from an individual or agency outside the district for directory information. This information, which involves the child's name, address, phone number, and grade level, may be publicly released unless parents/eligible students inform the District otherwise (**see section "B" on form**).
5. At times, representatives from radio, television, and print media may share human interest stories or report news (your child receiving an award, for example). This may include talking to students, taking pictures and/or video. Student names and grade level may be, but are not always, requested and/or included. This information may be released unless parents/eligible students inform the District otherwise (**see section "C" on form**).
6. Using a variety of Internet resources as a component of district curriculum and communication has become a necessary and important part of digital learning. Students will have opportunities to work with, learn, and publish content on district approved Internet resources. This information (which may include child's name, picture, voice, video, and other academically created content), may be released unless parents/eligible students inform the District otherwise (**see section "D" on form**).

7. Two federal laws require the District to provide 9th, 10th, 11th, and 12th grade students' names, addresses, and telephone numbers to military recruiters upon request, unless parents/eligible students inform the District otherwise **(see section "E" on form)**.
8. State law requires school Districts to provide 10th and 11th grade students' names, addresses, and phone numbers to the North Dakota University System, which in turn discloses to the state's colleges and universities, unless parents/eligible students inform the District otherwise **(see section "F" on form)**.
9. State law requires school Districts to provide students' names and addresses to tutoring services (Supplemental Education Services) at certain Title I schools. These companies may contact you about their services through mailed advertisements or promotional flyers only, unless parents/eligible students inform the District otherwise **(see section "G" on form)**.
10. States and school districts that receive Title I funding are required to participate in the National Assessment of Educational Progress (NAEP) testing for purposes of providing a representative sample for measuring academic progress between states. Your child may be asked to participate in NAEP testing, unless parents/eligible students inform the District otherwise **(see section "H" on form)**.

If you do not want your child's information disclosed **(see #3 through #10 above)**, please complete the form by the first day of school. If we do not receive the information by this date, we will assume that there are no objections to disclosing the information listed above. For families new to the District, or enrolling after the first day of the school year, you have 10 business days from the date of your child's enrollment to submit the attached form to the main office at your child's school.

In addition, the FERPA affords parents and students over 18 years of age certain rights with respect to the student's educational records, including:

1. The right to inspect and review the student's education records within 45 days of the day the District receives a request for access. Parents/Eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent/eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent/eligible student believes is inaccurate. Parents/Eligible students may ask the District to amend a record that they believe is inaccurate. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate. If the District decides not to amend the record as requested by the parent/eligible student, the District will notify the parent/eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/eligible student when notified of the right to a hearing.
3. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of the FERPA. The name and address of the Office that administers FERPA is: Family Policy Compliance Office, US Dept. of Education, 400 Maryland Ave. SW, Washington, D.C. 20202-5901.

Sincerely,

Dr. Brenda Lewis, Assistant Superintendent of Elementary Education
Catherine Gillach, Associate Superintendent of Secondary Education
